- **The existence of food outlets for students and employees**

The university has many outlets that sell food products for students and employees, the most important of which are.

- 1- Outlets selling products of the College of Agriculture (vegetables - fruits- meat - poultry - fish)
- 2- Food Products Laboratory and Bakery, Department of Food Science and Technology, College of Agriculture
- 3- Dairy and cheese outlet at the College of Agriculture
- 4- Assiut University bakery for gluten free products for feeding patients (wheat allergy disease) and located in the College of Agriculture
- 5- The Consumer Cooperative Association that provides the university community with food products at reduced prices
- 6- Outlet selling products of the National Service Projects Organization of the Ministry of Defense at reduced prices.

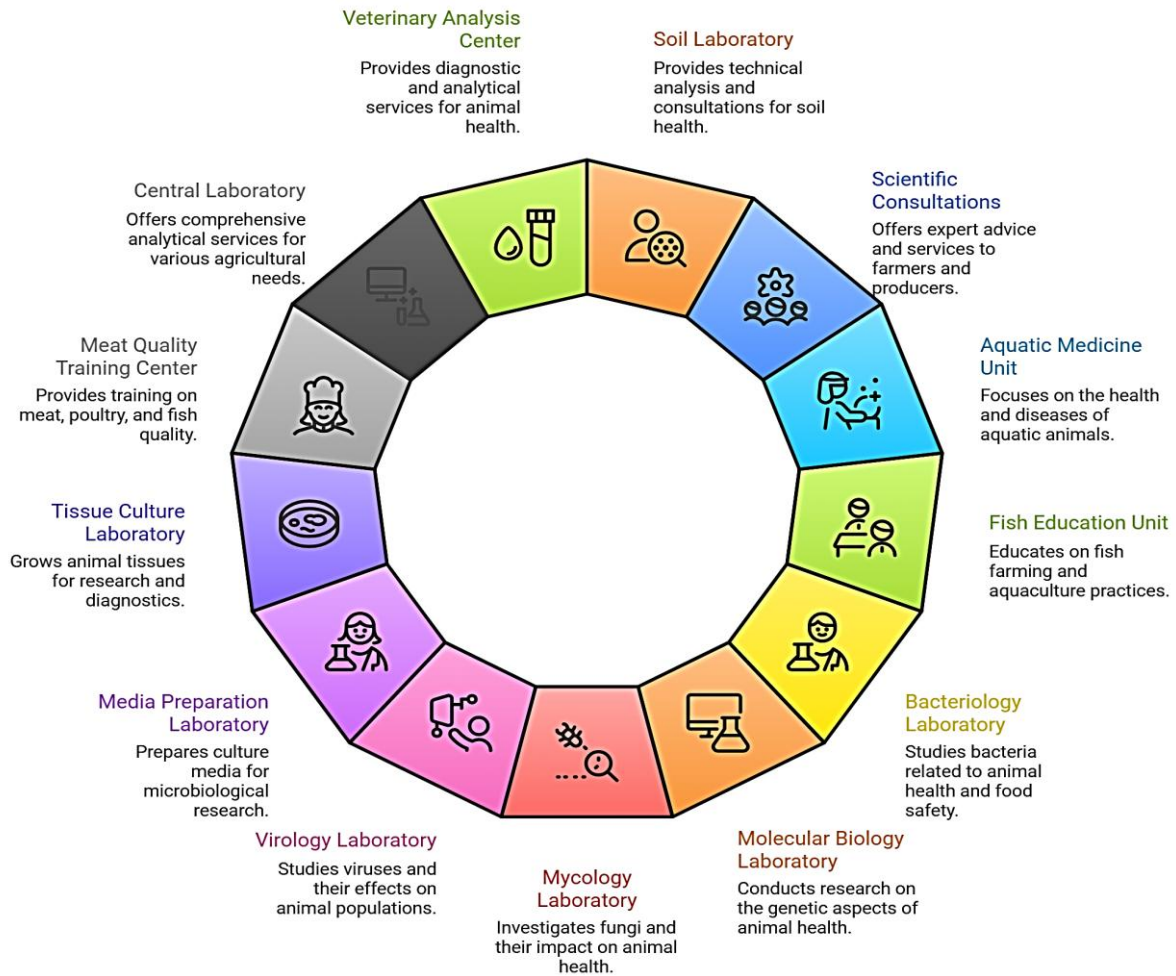

Sales outlets are located in more than one location in the university, as well as at the university gate entrance (University Central Restaurant)

- **In addition to the central university restaurant, Assiut University has a number of cafeterias contracted with the university, one in each faculty, as well as the university's guesthouse restaurant. Contractors are required to submit comprehensive legal and tax documents, a valid commercial registration, and bank and insurance declarations. All employees must also possess valid health certificates.**

- **Assiut University provides skills and technology in food security, sustainable agriculture, and aquaculture to local farmers and food producers by offering many services within the various laboratories of the Faculty of Agriculture (Soil Laboratory for Technical Analysis and Consultations - Scientific Consultations and Services Center) and the units and laboratories of the Faculty of Veterinary Medicine (Aquatic Medicine Unit - Fish Education Unit - Bacteriology Laboratory - Molecular Biology Laboratory - Mycology Laboratory - Virology Laboratory - Media Preparation Laboratory - Tissue Culture Laboratory) - Meat, Poultry, Fish and Their Products Quality Training Center - Central Laboratory - Veterinary Analysis and Services Center**
