## C. Round Table:

---

As part of the university centers for career development project (UCCD), the third roundtable for IT specialists in Assiut Governorate was held at Assiut University under the title: "Information Technology". The discussion aimed to gather the opinions of business owners in Assiut Governorate regarding the skills that Assiut University graduates need to work in the field of information technology, and to assess the impact of advancements in artificial intelligence on certain jobs.
