### PROFESSIONAL SUMMARY

- Adaptable academic nursing staff for **19 years** offering proven expertise in meeting rigorous academic and research standards.
- History of teaching basic and advanced courses to post graduate and undergraduate students as (Fundamentals of nursing, adult nursing, general/special medical-surgical nursing, health assessment, medical terminology, human relations, nursing strategy and health teaching, first aids, nursing ethics, introduction of adult nursing, comprehensive nursing care).
- Teach courses for first/second years nursing students at faculty of nursing, first year technical institute of nursing, second year technical health institute, and first and second years Alazhar technical institute of nursing at Assiut University.
- Teach courses for first/second/third master degree students.
- Proficient in leveraging diverse instructional strategies and modern educational technologies, including online platforms, electronic exams, and e-learning tools, to enhance student engagement and learning outcomes.

### EXPERIENCE

#### PROFESSOR

Nov 2025- Current

Assiut University, Faculty of Nursing, Assiut, Egypt

- Coordinator of the undergraduate program in the department Quality Assurance Unit since 2014 until now.
- Member of the Crisis and Disaster Committee, Faculty of Nursing, Assiut University (2015 to 2021).
- Member of the organizational structure standard, Faculty of Nursing, Assiut University (2015 to 2019).
- Member of the community participation and environmental service standard, Faculty of Nursing, Assiut University (2019 till now).
- Member of the academic advisement, Faculty of Nursing, Assiut University (2015 till now).
- Member of the committee for monitoring the grades of the fourth year, Faculty of Nursing, Assiut University (2017 till 2021).
- Member of the committee for monitoring the grades of the first year, Technical Institute of Nursing, Assiut University (2015, 2016).
- Member of the implementation team for international accreditation project (2020 till now).
- Member of the Electronic Correction Unit, Faculty of Nursing, Assiut University (2020 till now).
- Member of the committee for monitoring the grades of the third year, Faculty of Nursing, Assiut University (2021/2022-2022/2023- 2023/2024).
- Advised students regarding educational requirements for different career options and how to capitalize on studies for later success in medical-surgical nursing field.
- Collaborated with faculty members to enhance departmental performance, optimize course content, and foster student engagement (innovative strategies).
- Conducted weekly office hours to provide personalized academic support, helping students improve their understanding and performance.
- Facilitated structured debates and discussions, both inside and outside the classroom, to deepen students' grasp of course material and critical thinking skills.
- Provided academic advising by assisting students in selecting courses aligned with their career aspirations and individual strengths.
- Guided new students in acclimating to the college environment, equipping them with strategies to adapt to advanced learning methodologies.
- Mentored graduate students, supervising their research projects, guiding thesis development, and supporting career planning initiatives.
- Developed comprehensive course materials aligned with learning objectives and selected appropriate textbooks to enhance the teaching and learning process.
- Led dynamic classroom discussions to encourage deeper exploration of key concepts and insights presented in lectures and course materials.
- Conducted extensive research in the field of medical-surgical nursing, resulting in the publication of over 30 peer-reviewed articles in academic journals.
- Provided clinical orientation to students, ensuring a smooth transition into practical training units.

## EDUCATION

- Bachelors of Nursing Science. Faculty of Nursing, Assiut University (2004-2005). First in my class.
- Master degree of Adult nursing (Medical-surgical), Faculty of Nursing, Assiut University (2012).
- Doctorate degree of Adult nursing (Medical-surgical), Faculty of Nursing, Assiut University (2015).

## ACADEMIC POSITIONS

- Professor of Medical-Surgical Nursing, Assiut University, Faculty of Nursing, Medical-Surgical Nursing Department, Assiut, Egypt (11/2025).
  - Assistant Professor of Medical-Surgical Nursing, Assiut University, Faculty of Nursing, Medical-Surgical Nursing Department, Assiut, Egypt (11/2020).
  - Lecturer of Adult Nursing (Medical-Surgical), Assiut University, Faculty of Nursing, Adult Nursing (Medical-Surgical) Department, Assiut, Egypt (9/2015-11/2020).
  - Assistant lecturer of Adult Nursing (Medical-Surgical), Assiut University, Faculty of Nursing, Adult Nursing (Medical-Surgical) Department, Assiut, Egypt (9/2012-9/2015).
  - Demonstrator of Adult Nursing (Medical-Surgical), Assiut University, Faculty of Nursing, Adult Nursing (Medical-Surgical) Department, Assiut, Egypt (4/2007-9/2012).

- Assisted graduate students in selecting research topics, designing project plans, and ensuring alignment with graduation requirements.
- Provided academic guidance to students on educational requirements for various career paths, helping them maximize their academic experience for future success in their chosen field.
- Supervised clinical practice for assigned student groups, ensuring development of key clinical competencies and adherence to professional standards.
- Designed and developed targeted learning materials and activities to facilitate students' achievement of desired learning outcomes.
- Curated and implemented appropriate learning experiences, such as patient assignments and clinical conferences, tailored to the needs of each student group.
- Observed and guided students' clinical performance, providing necessary reviews and corrective feedback on procedures and principles.
- Evaluated students' clinical performance weekly, delivering constructive written feedback on an individual basis to promote continuous improvement.
- Contributed to the success of the department by recommending and implementing effective strategies to address both academic and student development needs.
- Preparing undergraduate and postgraduate course specifications and reports.

## SKILLS

- Academic advising with a focus on guiding students toward achieving their academic goals.
- Expertise in course development, including designing and updating curricula to meet educational standards.
- Providing comprehensive support to graduate students, ensuring their academic and professional success.
- Facilitating debates to encourage critical thinking and intellectual engagement.
- Mentoring students to foster personal and academic growth.
- Delivering engaging and informative lectures across various subjects.
- Evaluating student performance and assigning grades accurately and fairly.
- Mentoring graduate students in research and professional development.
- Planning and organizing courses to optimize learning outcomes.
- Selecting curricula that align with institutional goals and student needs.
- Offering tailored counseling to undergraduate students to enhance their educational experience.
- Proven collaboration skills with multidisciplinary teams to achieve common goals.
- Strong teamwork abilities demonstrated through effective group projects and initiatives.
- Analytical thinking and problem-solving skills to address complex challenges.
- Strategic planning capabilities to organize and execute academic programs effectively.
- Networking proficiency to build meaningful professional relationships.
- Excellent communication skills for clear and effective interaction with students, colleagues, and stakeholders.
- Outstanding time management skills to balance multiple responsibilities efficiently.
- Advanced critical thinking and problem-solving abilities to drive innovation and resolve issues.
- Strong teamwork skills demonstrated through collaboration with healthcare professionals to improve patient and family education.
- Committed to maintaining patient confidentiality and adhering to the highest ethical standards.

- Egyptian Cardio-Diabetes Association
- Upper Egypt Society of Clinical Nutrition and Metabolism

## SUPERVISION of THESES

- Prevalence and risk factors of hand skin problems among nurses working at surgical departments in ministry of health hospitals
- Effect of nursing preparations on minimizing complications and improving satisfaction for patients undergoing cystolithotripsy
- Nursing protocol to minimize bleeding from nose after transsphenoidal surgery for pituitary adenoma
- Effect of designing and implementing nursing instructions on reducing bleeding among patient undergoing esophageal varices banding
- Effect of developing rehabilitation exercises program on lower limb joints function for burned patients
- Assessment of nurses compliance for aseptic technique during hemodialysis (suggested guidelines)
- Effect of Developing and Implementing Rehabilitation Program on Patients Undergoing Microvascular Lower Limb Free Flap
- Incidence and risk factors of hematoma formation in the femoral access site for post cardiac catheterization patients
- Impact of educational program on knowledge, practice, attitude and stigma among patients with pulmonary tuberculosis
- Effectiveness of Shoulder Care Educational Program on Complications for Stroke Patients
- Factors Affecting The Compliance of Heart Failure Patients to Therapeutic Recommendations at Assiut University Heart Hospital
- Awareness, Attitude, and Satisfaction for Patients undergoing Liposuction Surgeries
- Providing nurses with training package on palliative care of oncology patients and evaluate its effect on their performance
- Effect of Implementing Standard Infection Control Measures on Orthopedic Surgical Site Infection

## **SUPERVISION of THESES**

- Iliac Bone Graft versus Latarjet Procedure for Recurrent Anterior Shoulder Dislocation: Assessment of Functional Status and Patients Satisfaction
- Role of Nursing in Acne Management: Assessing Side Effects and Satisfaction for Patients Receiving Chemical Peeling "Suggested Nursing Protocol"
- Impact of Kegel Exercises on the Postoperative Outcomes of Patients undergoing Transurethral Resection of the Prostate
- Assessment of Nurses Performance Regarding Surgical Site Infection Care Bundle in Surgical Departments
- The Impact of a Comprehensive Nursing Program on Outcomes of Patients with Heart Failure
- Assessment of Nurses' Knowledge and Practices Regarding Nursing Management for Patients undergoing Hemodialysis
- Impact of training program on functional status and complications for patients undergoing coronary artery bypass graft
- Effect of Nursing Rehabilitation Program on Pain, Functional Mobility and Quality of Life among Patients with Lumbar Spondylolithesis
- Assessment of Self-Care Practices among Hemodialysis Patients and the Role of Nursing Support

## **Thesis arbitration**

- Prevalence and risk factors of hand skin problems among nurses working at surgical departments in ministry of health hospitals
- Assessment of nurses compliance for aseptic technique during hemodialysis
